### Scholarship requirements

1. Student must take two classes in the Industrial technology area.
2. Maintain a 2.0 GPA while at UCA.
3. Student may not be on DF & I if this occurs student has two weeks to remove him or herself off of DFI.
4. Student will complete a general shop project to be discussed by the instructor and financially supported by the department. This project will be used as a teaching aid for students or used for the department.
5. Scholarships amounts awarded up to \$2000.00

In your packet there are three reference forms. Give these forms to three different people not related to you. (See attached reference forms) Send recommendation information to Upper Columbia Academy. (Make three copies)

Answer the following questions; Type answers on separate paper clearly noting question answered.

1. What technology classes have you previously taken that would help you in your technology courses? None are required to qualify for this scholarship.
2. UCA is willing to invest in your education. If you are chosen as one of the scholarship recipients, what skills set you apart from other applicants?
3. What are your short term goals 2-4 years?
4. List your long term goals 4-8years?(we understand that goals can change over the years)
5. Send pictures of projects with explanation that you have completed i.e. woodworking photography, welding and fabrication, computer aided drafting, robotics, digital electronics, construction, and automotive.
6. Why do you want to attend UCA?
7. List your hobbies.
8. Character counts! List several qualifications and attributes that you have. List your current GPA. If your current GPA is lower than 2.5 this will not disqualify you from receiving the scholarship.
9. The UCA Technology Department plans to lead out in a mission trip; list any outreach or mission trips you have been on.
10. Write a one page paper supported from the spirit of prophecy on the importance of technology and its application of the gospel. (Typed)
11. UCA has an excellent learning center complete with tutors if you have any areas that are academic challenges. What areas challenge you?
