YAKIMA VALLEY ACADEMY

At their meeting held in March 1920, the North Pacific Union Conference delegates passed the following recommendation:

"Whereas, The College is now providing academic facilities for the Upper Columbia Conference, and

"Whereas, The crowded conditions make it impossible to adequately care for the students who are coming; therefore

"We recommend, That the Upper Columbia Conference be requested to take steps to provide facilities for their students of academic grades as soon as arrangements can be made."

With this recommendation in view, the Upper Columbia Conference in session at Coeur d'Alene, Idaho voted to push the plan which was under way for establishing an academy at Granger, Washington.

After careful study the committee on plans at the Upper Columbia Conference camp meeting held in College Place, Washington, June 1921, recommended that the High Line Hotel of Granger, Washington, be purchased and operated as an academy. The delegates voted favorably this plan, and with it they voted that twenty-five thousand dollars should be raised to pay for the building and to equip the school.

The Academy building is a three-story, fire proof solid brick structure having the form of a right angle. It was completed in 1912 at a cost of over \$55,000.00. It would cost above \$75,000.00 to complete this building to-day. At a very nominal cost it has been remodeled to fit the needs of an academy. Besides being steam heated and electrically lighted most of the rooms are connected with hot and cold water.

The basement contains a large well lighted dining room, kitchen, deck room, wash room, spray rooms, vegetables room, fruit room, furnace room, and laundry rooms. During the school year 1921-22, the Student Association succeeded in securing contributions from the business houses in the

valley and have installed some modern laundry equipment.

The first floor is used for administrative purposes. It also contains four well lighted class rooms, library, lobby, and chapel.

The two upper floors provide ample dormitory facilities. Each floor has twenty-two rooms, a parlor and two bath rooms. The ladies occupy the second floor and the men the third floor. The rooms in the dormitory are well lighted and ventilated.

The city of Granger has shown a splendid spirit of co-operation and liberality toward the Academy and through their assistance about five acres of rich irrigated land was secured by donations and at a low cost. Alleys and streets were closed up. This land is being farmed and should in the future supply considerable produce for the school. Five head of grade cows furnish milk for the kitchen.

Two successful years of school have been conducted. It has passed the experimental stage and with the loyal support and co-operation of the Upper Columbia Conference constituency the Yakima Valley Academy is an assured success.

AIMS OF THE ACADEMY

The Yakima Valley Academy was founded on the principles held by the Seventh-day Adventist denomination; and the purpose of the Academy is to uphold those principles.

Its aim is character of the highest type, as well as scholarship of the best quality. This demands development of the student's physical, mental, and spiritual powers.

The Yakima Valley Academy is open to all worthy persons whether they make a profession of religion or not, provided only that they come with an earnest purpose to improve their time diligently in study and comply with the regulations of the school.

THE STUDENT'S PLEDGE

It is the design of the Academy to develop character of the highest type, as well as scholarship of the best quality; and discipline has respect to these ends. The government is administered upon the principle that character is a component part of every being, and that it must be a development of both heart and mind through free and intelligent choice of the individual. As far as possible, students are led to place themselves upon their honor, and to realize that a good name is a sacred trust committed to their own keeping. They are taught that self-government is the only true government for the individual, and that it is only when they fail to govern themselves in harmony with the principles of right that they will need help in government by others.

It is distinctly understood that every person who presents himself for admission to the Academy thereby pledges himself to observe its regulations. If this pledge be broken, it is also understood that by such violation he forfeits his membership; and if longer retained it is only by the sufferance of the faculty. It is also a part of the student's contract that he will faithfully and to the best of his ability, perform all duties assigned him in connection with the school and home life.

General Regulations

1. All unmarried student whose parents or legal guardians do not reside in the vicinity of the school are required to board and room at the Academy.

2. As this school was established for the purpose of giving a Christian education, no student will be tolerated in its membership who either publicly or secretly, seeks to disseminate immoral or atheistic ideas among his fellow students.

3. Attending the theatre, or any entertainment of an objectionable character, interferes with the student's work, and exerts a wrong influence in the school; it is therefore, forbidden.

4. Students must abstain from indecent or disorderly behavior; from profane or unbecoming language; from the use of tobacco in any form; from visiting pool halls, or gambling places; from card playing, and from having or reading pernicious literature; and from improper association.

5. We expect our young men and young women to associate in a frank, manly, and womanly manner at times and places that are proper and in harmony with the spirit of the school, but sentimentalism, flirting, strolling together about the grounds or elsewhere are not permitted, because they are contrary to the usage of good society, and lead to evil results.

6. Students will be expected to dress healthfully and plainly. A reform may be required of anyone whose dress does not conform to this principle. Jewelry and unnecessary ornamentation is not in harmony with the spirit of the school.

7. Students are to conduct themselves in a manner consistent with a refined home. Loud talking, running up and down stairs, scuffling anywhere in the building, are out of order and cannot be permitted.

8. Students are to have respect for Academy property, and in case of destruction of property of any kind, such as

breaking of windows, dishes, apparatus used in laboratory, tools, etc., the actual cost for replacing the same will be charged.

9. The Academy may not be held responsible for the personal property of any student in case of damage or loss.

10. It is expected that each student be regular and prompt in his attendance at all classes and exercises.

11. No class work will be changed, or private lessons given, or received without making satisfactory arrangements with the faculty.

12. Four studies, one drill or a vocational subject constitute full work; therefore no student is permitted to take more work without the permission of the faculty.

13. The Home is not a public building, and people living outside in calling upon members of the Home family, are expected to observe the customary civilities.

14. Whenever in the judgment of the faculty a student's attendance is no longer profitable to himself, or is a detriment to the school, he will be dismissed.

15. Any regulation adopted by the board or faculty and announced to the students shall have the same force as if issued in print.

Regulations of the Home

1. Students are expected to be at home evenings unless permission is obtained to the contrary. Students may leave the school premises only by permission.

2. Students are expected to attend morning and evening worship. Absence from such will be treated the same as absence from class or chapel. Students will be expected to be in the dormitories after evening worship.

3. The student who desires to entertain guests in the Home will be expected to make previous arrangements with the preceptor or preceptress, and if desired to take guests to the dining room, definite arrangements must be made before hand with the matron.

4. All should conduct themselves in such a way on the Sabbath as will be in harmony with the day. Every one is to attend Sabbath school and public worship. In case of necessary absence, the student should spend this time in his private room.

5. Students are required to care for their own rooms. No nails should be driven into the walls.

6. All mail should be sent to the student in care of the Academy.

7. No heating appliances such as chafing dishes, alcohol and electric stoves, etc., are permitted in the dormitories.

8. The student who is found on the fire escape or on the building will be charged a fine of \$5.00. For second offense the penalty is expulsion.

9. Students are to obtain permission of the person in charge, when desiring to visit one another's rooms during study hour.

10. Students will be granted permission to go home once in a school period, providing parents have made previous arrangements with the principal.

WHAT TO BRING

Each student of the home should bring warm blankets or comforters, a bed spread, a pillow, three sheets, three pillow cases, towels, napkins, cover for study table, soap;

also working clothes and a laundry bag. All washable clothes should be marked with the full name of the owner. Those who desire rugs, carpets, and lace curtains should bring them.

Each student should be provided with a pair of noiseless slippers to be worn during study hour.

DAILY PROGRAM

Lights on	5:00 a. m.	Evening Lunch	5:45 p. m.
Rising Ball	6:00 a. m.	Evening Worship	6:30 p. m.
Morning Worship	6:45 a. m.	First Silent Period	6:45 p. m.
Breakfast	7:00 a. m.	Second Silent Period	7:00 p. m.
School Session 8:00 a. m.		Study Period 7:15 to	9:15 p. m.
to	12:15 p. m.	Retiring Signal	9:15 p. m.
Dinner	12:20 p. m.	Lights Out	9:30 p. m.
School Session	1:15 p. m.		

Miscellaneous Information

EXPENSE

The school year of thirty-six weeks is divided into six periods and all charges are made on that basis. No discount on tuition and room rental is allowed for absences of less than two weeks. All accounts are payable at the beginning of each six weeks period and no deviation from this rule will be permitted without previous arrangements with the management.

TUITION

The tuition for three or four academic subjects is \$11.25, for two subjects \$6.50, and for one subject \$3.25 per period. In grades seven and eight the tuition is \$7.50 per period. The customary entrance fee of \$2.50 is made to apply toward the maintenance of library etc.

HOME EXPENSE

Each student is charged \$7.50 for room, heat and light, and \$1.00 for laundry per period. On this basis it is understood that two students occupy one room and that each student be required to work ten hours a week, performing such duties as may be assigned by those in charge. A charge is made for unperformed labor.

BOARD

Meals are furnished on the cafeteria plan at the lowest possible cost. The minimum charge will be \$14.00 per period. The minimum charge is made to protect the kitchen against loss when a student does not come to meals prepared for him. Allowances are made for sickness and absences from school. The average cost per student is from \$16.00 to \$18.00 per period or about three dollars per week.

ESTIMATED EXPENSES

	Period	School Year
Tuition	\$11.25	\$67.50
Room	7.50	45.00
Laundry	1.00	6.00
Board (Estimate)	16.00	96.00
*Misscellaneous	2.00	12.00
	<hr/>	<hr/>
	\$36.75	\$226.50

*Books, etc.

SCHOLARSHIP

The scholarship usually offered to colporteurs will be accepted. However, this arrangement should be handled through the Upper Columbia Tract Society.

REMITTANCE

All remittances should be made payable to the "Yakima Valley Academy," Granger, Washington.

BREAKAGE

The school is not operated for a profit, therefore each student is charged with his breakage.

COMING

Granger may be reached by two trans-continental railways, the Union Pacific System, and the Northern Pacific System.

For further information, write the Yakima Valley Academy, Granger, Washington.

Regulations of the Course of Study

General Statement

Four academic studies and one drill, or a vocational subject constitute full work. No student will be permitted to take more than full work without special permission from the faculty. Additional tuition will be charged for all extra classes, such as a vocational study or music.

No classes will be changed or private lessons given, or received without making arrangements with the faculty.

Absences

The student is held responsible to the instructor for absence from any class, and to the principal for absence from chapel. Each excuse must be signed by the student making the request, and countersigned by the preceptor, preceptress, parent or guardian. The excuse must be presented not later than Tuesday noon, immediately following the week in which the absence occurred. The names of those neglecting to do this will be posted on the bulletin board Wednesday morning, and a charge of twenty-five cents will be made for the removal of a name. Neglect to have the name removed will bar the student from all classes beginning Friday morning, and three postings of a name during a semester suspends the student from school, a fee of one dollar being required for re-entrance.

EXAMINATIONS

Written tests and daily average of class work determine the grade for the school period. At the close of each semester all students will be required to take the semester examinations. Reports of standing are made in duplicate to the student and his parents at the close of each semester. These grade cards should be preserved for reference. A charge of \$1.00 will be made for special examinations.

Credit Forfeiture

All students are required to be regular in attendance at all exercises. If the number of absences in any class exceed fifteen per cent of the whole number of exercises in the class, the student thereby forfeits his class credit.

Course of Study

"Bible study is especially needed in our schools. Students should be rooted and grounded in divine truth. Their attention should be called, not to the assertions of men, but to the Word of God. Above all other books, the Word of God must be our study.... And our children are to be educated in the truth found therein, irrespective of previous habits and customs. In doing this teachers and students will find the hidden treasure, the higher education."

Old Testament History

Two Semesters

This study covers the period from creation to the rebuilding of Jerusalem by Nehemiah. McKibbin's "Old Testament History" will be used as text. "Patriarchs and Prophets," and "Prophets and Kings," as reference books.

New Testament History

Two Semesters

This covers a careful study of the life and teachings of Christ. "Desire of Ages," "Christ's Object Lessons," and the "Great Controversy," are the books used.

Denominational History

One Semester

A comprehensive study of the rise and progress of our denomination is taken up. "Great Controversy," "Great Second Advent Movement," and "Advance Guard to Missions" will be used.

Testimonies

One Semester

This course covers a thorough outline study of the Spirit of Prophecy.

Bible Doctrines

Two Semesters

The great truths of the gospel as held and taught by the Seventh-day Adventist denomination, will be studied. Work in the form of Bible readings is done by each student. Special emphasis will be placed on the books of Daniel and Revelation.

HISTORY

"The history which the great I AM has marked out in His word, uniting link after link in the great prophetic chain, from eternity in the past to eternity in the future, tells us where we are today in the procession of the ages, and what may be expected in the time to come."

"All that prophecy has foretold as coming to pass, until the present time, has been traced on the pages of history, and we may be assured that all which is yet to come will be fulfilled in its order."

General History

Two Semesters

The history of the leading nations of the world during ancient, mediæval, and modern times is studied in this course. Prophetic fulfillments are noted.

American History

One Semester

American history is a study of our nation from its earliest beginning to the present day. The causes and effects of all the important events are especially noted.

Civil Government

One Semester

Civil Government is a study of the origin and development of our system of local, state, and national government.

ENGLISH

It is the purpose of this department to fix in the minds of the students the principles of grammar, composition, and rhetoric, by arranging material and putting it in shape for effective presentation in both oral and written form. To cultivate in the students a taste for good literature, approved reading is required in all the classes.

English I

Two Semesters

In this year's work the underlying principles of composition such as definiteness, unity, and coherence are studied and worked out by the student. Written themes are corrected by the student. The grammatical structure of the sentence and the principles of punctuation are thoroughly studied.

English II**Two Semesters**

This course is a continuation of course one. In addition the work of this class should enable the student to arrange the expression in every day affairs according to the most useful forms of composition. Explanation, journalism, and good form are studied thoroughly. Some time is given to the study of the best American authors with representative selections from each.

English III**Two Semesters**

This year's work consists of a comprehensive study of English literature. The relation between history and literature is pointed out. It is the purpose of this class to help the student appreciate the masterpieces of our literature.

English IV**Two Semesters**

This year's work is devoted to oral composition, a thorough study of words as to the exact meaning, and use of synonyms.

LANGUAGE**Latin I****Two Semesters**

This year's work is devoted to a thorough study of the fundamental principles of Latin grammar and daily translations of sentences and short selections from English to Latin, and from Latin to English.

Latin II**Two Semesters**

In this year's work the student will read the four books of Cæsar. One recitation a week is devoted to prose composition.

Spanish

Although it is not possible to acquire fluency of speech in a two-year course, yet it is possible to study a language in the class room so that it may be easily acquired in the vernacular.

Spanish I**Two Semesters**

Fundamentals of grammar; pronunciation; composition; careful verb study; reading of easy Spanish prose.

Spanish II**Two Semesters**

Thorough grammar review; radical changing and irregular verbs; dictation; oral composition; reading from two or more Spanish authors.

MATHEMATICS

The purpose of mathematics is to acquaint the student with the many laws and principles that govern the physical world. Habits of clear thinking and plain speech are formed which will not only be a help to higher mathematics, but also in many other lines that demand sound and logical reasoning.

Algebra I**Two Semesters**

This course demands a thorough knowledge of arithmetic. The regular outline prescribed in any standard text will be followed. The student is required to perform all fundamental operations, and solve first and second degree equations.

Plane Geometry**Two Semesters**

During this course the five books of plane geometry are studied and each proof is worked out and logically demonstrated to the class by each student. All original problems are solved and kept in a note book.

Algebra II**One Semester**

This course begins with a thorough review of algebra I and opens the field of progressions, limits, logarithms, ratio and infinite series, and theory of equations.

Solid Geometry**One Semester**

Solid geometry follows algebra II and takes up lines and planes in space including cylinders, cones and spheres. The student is required to solve the original problems.

Bookkeeping**One Semester**

At the beginning of this course the very simplest business transactions are introduced. Bookkeeping is largely a matter of individual practice, and students are advanced as rapidly as the subject is thoroughly mastered.

SCIENCE**General Science****One Semester**

This study deals with such subjects as chemistry, physics, botany, astronomy, and zoology. The work prepares the student for a more advanced study in science.

Elementary Physiology**One Semester**

This course gives the student not only a knowledge of facts and principles, but helps him appreciate the wisdom and power of his Creator.

Physics**Two Semesters**

Sound, mechanics, pneumatics, and hydrostatics are studied in the first semester, and heat, light, electricity, and magnetism the second.

Physiography**One Semester**

This course treats of the earth's exterior, physical features, climate, etc., and the physical movements or changes on the earth's surface.

TYPEWRITING

In this course the touch method of typewriting is taught. A standard text book is used. A fee of \$2.00 a period is charged for typewriting.

DRILLS

All students who present themselves for graduation are required to reach and maintain an average of 85 per cent in reading, spelling, and penmanship.

VOCATIONAL SUBJECTS

The Academy offers a two-year course in woodwork and sewing. Five hours of work are required each week during the entire school year, for which one half credit is given. A fee of \$1.00 each semester is charged for materials. When taken as a fourth study the tuition will be the same as a regular study. When taken as a fifth study the charge will be \$1.50 per period.

Outline Of Course

A student will be admitted to the academic course upon passing satisfactory examinations, or presenting accredited grades, showing that he has completed the work required in the first eight grades, or the equivalent. A grade of not less than eighty-five per cent in arithmetic is necessary for admission to algebra, and a grade of not less than eighty-five per cent in grammar for admission to English I.

Those who present themselves for graduation must have the following:

1. An average grade of eighty-five per cent in all subjects.
2. Two years of the same language, in language study.
3. Seventeen credits as indicated below.

Grades One to Six

Grades one to six are being taught in the Granger church near the Academy. The school is being conducted by the local church.

Grades Seven and Eight

Grades seven and eight will be offered at the academy under the supervision of the academy faculty.

Music Department

"The melody of praise is the atmosphere of heaven; and when heaven comes in touch with the earth, there is music and song."

"The history of songs of the Bible is full of suggestion as to the uses and benefits of music and song. Music is often perverted to serve purposes of evil, and it thus becomes one of the most alluring agencies of temptation. But, rightly employed, it is a precious gift of God, designed to uplift the thoughts to high and noble themes, to inspire and elevate the soul."

Regulations

1. All charges are made on the six weeks basis, and payable at the beginning of each period.

2. Students may enter at any time but will not be accepted for less than one period.

3. Tardiness and single absence will be a loss to the pupil. Money will not be refunded for absence unless the reasons therefore are reported promptly to the teacher.

4. Students are not to exchange practice periods without consent of the teacher.

5. Settlement for musical merchandise and sheet music must be made at the end of each period.
