LIVING WALLS

Not a building plain and simple,
Not a place of brick and lime.
But an edifice of mem'ries
Deeply etched by passing time.

Living walls relate the story,
Tell of youth's great upward climb.
Joy, success and e'en misfortune,
All contained in Life's great rhyme.

Youth that's fired with ambition,
Striving toward a surer goal
Seem to leave their imprint on it,
Give these cold red bricks a soul,

Gazing on these walls takes courage,
From their story gathers heart,
For the human pathos written
Deep within is classic art.

Lawrence Barrett.

Youth with all its high ambition
Passing through these portals wide,
Always seeking fields to conquer,
Lays its careless thoughts aside.

Here our time is spent in study,
Joys and sorrows play their part.
Friendships strong and long enduring
Grow from but a humble start.

THE FACULTY

The students of Yakima Valley Academy have greatly appreciated the untiring efforts of the faculty during this school year.

The Christian lives of the teachers have been a great inspiration. Help has always been ready for the student who needed it. No problem was too small or too difficult to be carefully considered.

The students have greatly appreciated the degree of trust that has been placed in them. Every student has been trusted to the full extent that his behavior warranted.

No student will forget the enjoyable Saturday evenings that have been prepared by the teachers. At the gymnasium, in the dining-room, at the river, and on the academy campus many happy hours have been spent.

Yes, every student can be proud of his teachers. Not one can look back to any great injustice done him during the school year. Is it any wonder then, that pleasant memories are left in the minds of the students?

Prof. R. L. Hubbs

RUBY MARY OMSTEAD

I feel that the training of the Youth of Academic age is very important. At this age the ambitions and desires have a tendency to change. They need advice and patient training for their future, in order that the church may be strengthened for the benefit of the citizens of the country. The academy is a preparatory school for College. My ambition is to be a preparatory school teacher.

LYLE B. GRIFFIN

Everyone wants to enjoy life. I think that enjoyment depends on personal conduct. Life is what the individual makes it. "He who would have friends must show himself friendly." He who wishes the sympathetic help of his fellows must be ready to help others. I intend to put into my life those elements which will return to me worth-while enjoyment.

MARJORIE MAE HINES

Success crowns one trained aright in childhood. It is this training that will either guide him to a successful goal or lower his standards to ruin and despair. The elementary school work interests me. To mold these young characters for useful service to God and country, I dedicate my life.

LAVERN W. SCHOEPLIN

In these times of depression and instability it is evident that an advanced education is necessary. One who has finished high school has just begun his education. To us is left the task of finishing the work in adverse circumstances. Only the strongest will stand.

DELMAR E. SCHOEPLIN

In the perilous times of today the reins of the government are left in the hands of the young people. Intensive training must be given in order to rightly direct the destiny of the nation, the church, and the individual. My ambition centers on the training of these young people.

MARY ELIZABETH PARSLOW

Music is one of the best ways in which one can show his affection, praise and appreciation toward the Creator. When I think of the blessing of peace and happiness music has brought to man throughout the ages, I feel a desire to improve what musical talent I have and to dedicate it to the cause of others and to the glory of God.

CHARLES ZUMWALT

As I observe the trend of our times, I am led to follow more closely the Great Guide. These words of Bryant express my thought:
He who from zone to zone
guides, through the bound-
less skies thy certain flight:
In the long way that I must
tread alone;
Shall guide my steps aright.

GLADYS MAE RASMUSSEN

The world is filled with suffering and I feel that anything done to relieve it is worth while. The field of nursing offers me an opportunity to do something real for those less fortunate than I. To the relief of suffering I dedicate my life.

VERNON BRECKENRIDGE

As a christian young man, I have a desire to further my study and education in the field of Dentistry. Because people are becoming more careless concerning health principles, I see a need for new workers in this field. With God's help I am sure I shall attain the goal for which I am striving.

GERALD GILBERT

I believe in the saying, "anything that is worth doing is worth doing well." I have not yet decided what my aim in life will be, but whatever I am called upon to do I will try to do it to the best of my ability and be appreciated and respected by my fellowmen.

LAWRENCE BARRETT

I'm often asked the question, "What good is an academy education? You can't get a decent job when you get through." Not discounting the benefit I have derived from the years spent here, in my opinion they would be wasted were I to stop here. I consider them but a stepping stone to a higher education and a career.

VIVIAN ELAINE CARMAN

I shall get much more out of life if my time is spent in helping others. Of all the fruits of the spirit charity is considered the greatest. My aim is to be a doctor, and in this work I can do a good deal for charity, especially in childrens' hospitals and like institutions.

KNEALAND RATHBURN

The man of today who is unselfish in his work for the health and happiness of others, who is respectful to all with whom he comes in contact, is considered a gentleman, and is honored and respected by his fellow men. He is a benefit to his community. As a doctor of medicine I shall strive for that end.

JEAN ELOIE CHRISTIANSEN

Today, people who are most useful and successful are thoroughly trained. I plan to specialize in Primary Methods, that I may be a successful primary teacher. I firmly believe that correct training at this age will be most effective.

ELBERT T. PESTER

As I pause, and look into the future, it appears dark and disheartening. In spite of the present economic condition, the medical field presents many opportunities in its numerous branches. More good can be done in this field than most any profession on record. This is the reason I am striving to become a trained nurse.

THE JUNIORS

We've had more than our share of good times and real class spirit in the junior class this year. Remember the night the seniors organized and the juniors played sleuth trying to discover the senior officers? But the highlight of the whole year was when we organized. That was the night some of our members stayed up late to plan the grand surprise on the next day. Our junior class made its appearance in chapel with a junior song, the announcement of our class officers, and our class colors shown in peach and Nile green ribbons. Also the '37 banner was flying under the Stars and Stripes on top of the building. Next year when we're seniors we intend to prove that we haven't used up all our good ideas and lively spirit in our activities this year.

OUR GYM

The new gymnasium, 40 by 80 feet, and located about one half block back of the academy building, is the greatest single monument to the activity and progressiveness of this year's student body.

Officers of the students association were searching for a project for this year when they hit upon the idea of building a gymnasium. In a few weeks the conference committee had passed favorably upon the idea and voted to appropriate \$250 for this purpose if the students would raise another \$250. They accomplished more than this through the contest between the Loyalists and the Hoptowits, the winners.

On the Wednesday evening before Christmas vacation the Gym-Fund Campaign was launched at a formal banquet. The plan was to have the gym finished by February 20, but cold weather set in and there was every indication that the foundation had been frozen. If this were true it meant the work would have to be started all over. It was a happy day for everyone when the cold snap let up and the workmen found the concrete in good condition.

Since then the building site has been a scene of busy activity, with first the flooring and then the huge arched rafters being put into place, and finally the siding.

Saturday night, March 21, the gym was initiated by marching and several games of volleyball.

The gym has been something to work for this past year, and in the years to come it will be the center of a large part of the schools' ever growing activities.

JUNE SPALLINGER.

THE GIRL'S CULTURE CLUB

The Girl's Culture Club, in addition to social functions, endeavors to stress the spiritual side of life. Meetings are held every Wednesday evening and at this time the worship period too is taken by the club officers. The highlights of entertainment for this past year besides our campus activities and games have been a party for the Sigma Kappa Sigma, several hikes, worship at Bunkers, and sunrise breakfast on Snipes Hill.

We all look forward to the first Wednesday evening of next year when we will renew old friendships and make new ones.

LENORA SMITH.

SIGMA KAPPA SIGMA

Conversation stops! Silence reigns as the president of the Sigma Kappa Sigma calls the meeting to order. An atmosphere of interest prevails, for these occasions are always entertaining and profitable. The purpose of the club is to promote the spiritual, cultural, and social interest of the boys' dormitory.

For this purpose the club convenes each Monday evening. Discussion of plans for entertainment and the betterment of dormitory life are always in order.

The club promotes a number of activities. One of the most notable of these is the occasional entertainment given in honor of the Girls Culture Club. A pay program is sometimes sponsored and the proceeds used to good advantage in club activities.

Although the ninth year of this club's activity is almost over, the same spirit which fostered its organization is still perpetuated by the motto, "Loyal to the Royal in Thyself."

MISSIONARY VOLUNTEER DEPARTMENT

Each student who comes to Yakima Valley Academy has the privilege of receiving a training that will fit him for better service in God's work.

One of the best ways to get this training is to become a member of the Missionary Volunteer Society. We learn to do by doing. The students plan the meetings and execute them. They give interesting talks, Bible studies, readings, and special music. By doing these things the students cultivate their abilities and learn to cooperate with others.

One of the purposes of our own schools is to encourage Christian and missionary activities. We do this through our literature band which distributes literature in the surrounding district. Also the Sunshine Band goes out on Sabbath afternoons and visits those who are shut in, singing and reading to them, thus scattering sunshine and making themselves happy as well as others.

Nearly every students has taken some active part in the Missionary Volunteer Society this year.

JEAN CHRISTIANSEN.

BAKERY TRAINING

In addition to the subjects which Yakima Valley Academy provides for a young man's intellectual improvement, it also has avenues by which he may learn to become a self-supporting tradesman. Our bakery offers some of the finest opportunities for a young person to learn the skills which pertain to the mixing, maturing, and baking a first class loaf of bread.

An academy student who works in the Yakima Valley Academy bakery not only learns how to make a good loaf of bread; he learns punctuality, dependability, and carefulness.

Weighing the ingredients for a mix of bread requires exactness. Dividing and moulding the dough into loaves demands carefulness. Proofing the loaves to the right height and baking them at the right temperature for exactly the right length of time necessitates dependability.

If a baker forgets his dough for twenty minutes, he must consign it to the garbage can and start the day's work all over.

DELBERT RUDY.

THE FARM

Among the many departments cooperating to promote a busy and pleasant school life, one should not forget the quiet work of the farm. A good farm is of inestimable value to an academy, not only in that it furnishes an abundance of milk, eggs and produce, but also for the employment it affords and the experience it offers to competent young men. The farm

work at Y. V. A. is done by several boys who thereby earn a good share of their expenses. Bob Ingersoll has been the chicken man. The dairy has been under the care of Harvey Ring and Tom Hill. The planting of a large garden is under way and prospects look good for plenty to eat this fall.

BOB INGERSOLL.

KITCHEN

The kitchen is one of the busiest departments in the academy. Here preparation is made to feed approximately eighty persons, three times each day.

Each week the kitchen girls peel four sacks of potatoes, slice one hundred fifty loaves of bread, make thirty-five gallons of soup, and dish out one hundred quarts of fruit.

Many of the girls earn part of their expenses by work in the kitchen and dining room. Mrs. Stone, the matron, is on hand just enough to keep everyone busy and happy.

LUCILLE SCHOEPLIN

LAUNDRY

We need never worry about having clean clothes, for the laundry, under the supervision of Miss Iva Mae Lamberton, is one of the most efficient departments of the school. It is well equipped with a large washing machine, extractor, steam dryers, mangle, and other ironing equipment.

The clothes are washed on Sunday and prepared for ironing so that they may be ready to return to the owners by Thursday evening.

The laundry provides work for many of the students. Two girls run the mangle and twelve girls do the ironing, besides those who wash and hang the clothes.

The girls are very conscientious in their work and if occasionally a pair of socks or pajamas becomes starched, it is purely an accident.

EDNA LITTLE

PASSING OF TIME

Showing what Y. V. A. left in the sands of time.

- Sept. 23—Eighty-five people come to face the music.
 Sept. 28—Many bruised hands were reminders of the get-together handshake of that first Saturday night.
 Oct. 5—We get our faces washed in true Southern style—a watermelon feed.
 Oct. 19—Prof. Hubbs shouts himself hoarse at the Harvest Ingathering Sale.
 Nov. 2—Boys wild goose chase to the haunted house of Y. V. A.—in other words, the girls entertain the boys on Hallowe'en.
 Dec. 14—The high school gym scene of the display of the athletic ability of this school.
 Dec. 18—Y. V. A.'s biggest project—the gym—is heralded by a banquet in its favor.
 Dec. 19—Off for home and the holiday cheer.
 Jan. 5—Back and glad of it.
 Jan. 18—The seniors organize.
 Jan. 30—First-class radio program featuring Y. V. A.—the boys entertainment for the girls.
 Feb. 3—Old king winter rules supreme—campus day with skating at Durham's—many ups and downs.
 Feb. 5—A hill, a moonlight nite, a toboggan, and same peppy students—what more need be said?
 Feb. 8—Mrs. Cubly and Stanley Walker give a two piano program.
 Feb. 22—To the victors belong the spoils—the Hoptowits are entertained by the Loyalists.
 Feb. 23—"Unclean, Unclean,"—16 girls have an itching good time.
 March 1—The Juniors organize.
 March 2—The Juniors appear in class colors, officers, song, and flower.
 March 7—Mrs. Jemsen presents a program in which the musical talent of the school is displayed.
 March 13—A chance to show our energy—the Pitcanook sub campaign starts.
 March 15—"The Irish in us," was displayed by the St. Patrick's Day banquet for the faculty given by the students.
 March 18—A touch of originality and color. Lavern Schoepflin appears in a blue shirt and orange cords. But that's only the beginning—all colors of the rainbow soon adorn the masculine portion of the school.
 March 21—Initiation of a new gym—a volley ball game was played.
 April 1—Students give faculty surprise—the students refrain from all foolishness.
 April 2—A pebble becomes a stepping Stone—Byrna Rae takes her first steps.
 April 4—A full moon makes marshmallows taste better—at least that was the thought of everyone.
 April 23—The school loses its dignity—Senior Convention.
 April 24—Boys of lower classes spend week-end in the hills.
 April—Junior-Senior picnic.
 April—Senior picnic
 April—School picnic
 May 16—Baccalaureate.
 May 16—Commencement.

YAKIMA VALLEY ACADEMY CALENDAR

The Purpose of the Academy

The object of the school is to develop Christian character and to train young men and women so that they may fill places of usefulness in the world and be of service to the cause of God.

Who Admitted to the Academy

The school is open to all worthy persons of either sex who come for the purpose of doing earnest, faithful work. Those who have little desire to study, who are careless in their deportment, who are addicted to the use of tobacco or liquors, who use profane language, or indulge in card playing and improper associations, will not knowingly be admitted or retained. Harmful literature, including books and magazines of fiction and cheap and popular music, will not be allowed in the homes. Whether students make a profession of religion or not, all will be expected to give due respect to the Word of God, and to observe the regulations of the institution. Candidates for admission who are strangers to the faculty will be required to furnish testimonials as to moral character.

The Students Pledge

It is distinctly understood that every student who presents himself for admission to the Academy thereby pledges himself to observe all its regulations. If the pledge is broken, it is also understood that by such infraction he forfeits membership, and if longer retained, it is only by the forbearance of the board and faculty. It is a part of the students contract that he will, to the best of his ability, perform all duties assigned to him in connection with the school and the home.

For Parents

It sometimes happens that children make complaints to their parents concerning school matters in which they feel they are misused. Parents are asked to notify the management in matters of this kind, and withhold their judgment until proper investigation can be made. A little carefulness along these lines often prevents unhappy consequences.

Rather than to send much spending money to students for them to spend unwisely, it is better to place it in the business office to be given them as they need it.

Students should be encouraged to make as few trips home as possible aside from the regular vacations. Every diversion of any kind detracts from successful school work.

When a student comes to the academy, if there are habits or traits of character, known to parents, which need special watching, it would be of great advantage, if the management could be acquainted with the matter. The school desires to be of every possible assistance.

GENERAL REGULATIONS

These regulations govern all students of the Academy during the entire school year.

No student will be tolerated in the membership of the academy who either publicly or privately seeks to disseminate immoral, infidel, or atheistic ideals among his fellow students.

Visiting billiard rooms, theatres, movies, or gambling places or any entertainment of an objectionable character is strictly forbidden.

Rag time music, jazz and sentimental songs and all music of that nature will not be tolerated in the school.

Firearms are not necessary in schools; students must leave them at home.

Finger rings and other unnecessary jewelry will not be worn. If you bring things of this character into the school, the business manager will deposit them in the safe for you until the close of school.

It is preferable that automobiles should be left at home. However, if they are brought, satisfactory arrangements must be made with the office.

On no occasion will students of different sex be allowed to visit one another's rooms. Occasionally receptions are held when teachers and students may come together for social improvement.

Gentlemen shall not escort ladies on the street or to or from public gatherings.

All students are expected to maintain a proper degree of reserve in their association with the opposite sex. Improper association, sentimentalism, and flirtation are contrary to the usage of good society.

Attendance at social functions will be permitted only upon approval of the principal. Those arranging for such gatherings should submit the program and names of individuals concerned at least three days before the time.

Automobile riding by couples, day or night, will not be permitted.

Any member of the Academy family desiring to entertain in the home must make previous arrangements with the preceptor or preceptress, and if it is desired to take guests to the dining room, definite arrangements must be made beforehand with the matron.

Each student will be required to pay for damages done by him to the property of the institution. The management will not be held responsible for any unauthorized purchase by the students.

Students are not permitted to be in the kitchen, dining room, or laundry unless employed there at the time.

Any student leaving school or dropping any class during the course of the semester will be charged for the full period unless due notice is given of such change.

Punctual attendance at all regular exercises in the school is expected. Unavoidable absences will be excused if presented in writing within the time specified by the action and advisement of the faculty.

All make up work must be done within six weeks after the incomplete has been given. Incomplete of one year's standing, automatically become failures.

The management discourages week end trips for students with grades below C.

Participation in extra curricular activities will be curtailed for students whose grades fall below C.

The lights will go out at 9:30 p. m. at which time all students are expected to retire.

DAILY PROGRAM FOR THE HOME

Rising Bell	6:00 a. m.
Morning Worship	6:30 a. m.
Breakfast	6:40 a. m.
Recitations	7:30 a. m.
Dinner	12:20 p. m.
Recitations	1:20 p. m.
Work	2:45 p. m.
Supper	6:00 p. m.
Evening Worship	6:30 p. m.
Study Period	7:00 p. m.
Lights Out	9:30 p. m.

Home and village students are expected to attend regular chapel exercises on school days, Friday evening student's meetings, the Sabbath school and regular Sabbath services. Students are expected to deport themselves in such a manner as will be in harmony with the sacred character of these services.

Any regulation passed by the faculty, and announced to the school, will be considered as effectual as those announced in the calendar.

THE SCHOOL HOME

The managers of the Academy are convinced that the plan of home life adopted is of great value as an aid in the proper development of Christian character and they earnestly recommend that parents living at a distance, who send their children to school, make provision for them to live at the academy home.

Since the management of the school is held responsible for young people placed in its care, all unmarried young people are required to room in the dormitories except by special permission from the board. Young people under fourteen years of age will not be received as members of the school family except by special arrangement.

Morning and Evening Worship

The home is conducted on the same principles as are all well regulated Christian homes. Family worship is maintained regularly both morning and evening for all the young people of the home. These services are under the direction of the preceptor and preceptress and much care is taken to make them beneficial to all. Satisfactory excuses are required in all cases for absences.

Home Regulations

The following rules are a part of the regulations of this institution and all students in matriculating pledge themselves to strictly conform to them. Students must be familiar with and understand these regulations.

1. You will be held responsible for damage done to the furniture or walls of your room by marking, tacks, nails, pins, paste, or glue.
2. Always extinguish your light on leaving your room.
3. Room furnishings are not to be exchanged except by order of the preceptor or preceptress.
4. No loud, boisterous, or unbecoming language is to be used in the rooms and halls at any time.

5. No ukeles, portable phonographs, radios, hotplates, or toasters are permitted in the dormitory.

6. Students who do not attend M. V. meeting on Sabbath afternoon must be in their own rooms.

7. When wishing to study together in other than your own room obtain permission from the one in charge.

8. Do not throw anything out of the windows.

9. If you accept work you are held responsible for it until you are excused.

10. The use of master keys is prohibited.

11. Be regular and prompt in all your appointments.

12. Promptly report all breakages and needed repairs.

13. No candles or kerosene lamps will be allowed in the rooms.

14. Flesh meats of any kind are not served, and must not be brought into the school home. Parents are requested not to send food to their children, unless it be fresh fruit. Experience has demonstrated that food sent in by the parents produces irregularity on the part of the student, and often leads to infringement of the regulations of the school.

15. Students must obtain permission from the preceptor or preceptress when desiring to leave the campus.

16. Students shall not leave the school for more than one day without the written consent of parents, stating date of departure and return.

17. Dormitory students will be expected to spend not more than one week end at home during the six week period and then only if satisfactory scholastic standing has been maintained.

18. Student will not be permitted to stay over night unless the parent sends a written request in behalf of student to the school at least 24 hours before the student's expected departure.

What All Home Students Should Bring

Each student in the home should bring the following:

Scissors, thimble, needle and thread, six towels, one pillow, two pillow slips, two sheets, one bedspread, bedding for a double bed, bath robe, spread for study table 2 1/2 by 3 1/2 feet, toilet soap, strong laundry bag, and noiseless slippers.

The student's name should be indelibly marked on every article of clothing and bedding before leaving home. The school will not be responsible for lost clothing.

No rugs, carpets, or curtains are furnished with rooms; students desiring these things should bring them from home. Students, both boys and girls, should be provided with suitable work clothes.

Special Instructions to Young Ladies

We are judged by our dress. A frivolous dress marks a girl as shallow and undependable. An extravagant dress is evidence of poor taste and poor financial ability. An untidy dress curtails one's influence. A dress that is not appropriate makes one self conscious and ill at ease. On the other hand, a neat, clean, modest dress implies self-respect and is in keeping with our faith.

Extremely short sleeved and low necked dresses are not in harmony with Christian modesty and are therefore forbidden. Heels exceeding two inches in height are detrimental to posture and health and are for this reason prohibited. The use of cosmetics, rouge, lipstick and eyebrow pencil is discouraged and will be made a matter of discipline.

Before matriculation every girl's wardrobe will be checked over, and all dresses which do not conform to the school regulation will be altered at the expense of the student. The student cannot matriculate until this is done. No student will be allowed to keep a dress in her possession which is not standard in every respect. Any special stature or form will be given consideration of the dress committee.

We trust that parents and guardians, also our girls, will appreciate the spirit in which these suggestions are made, and will faithfully endeavor to carry out the principles outlined in this calendar. They are given for the purpose of saving needless expense and of maintaining a high and noble standard in our school, thus fitting our young women to become noble, modest, Christian characters that God can use in the finishing of His work.

Special Instruction to Young Men

Young men are required to wear ties, coats, jacket coats, or long sleeved sweaters in chapel, classes and dining room. Untidiness of room and attire is not the mark of a gentleman. Dress on the Sabbath should be in harmony with the character of the day.

MISCELLANEOUS INFORMATION

EXPENSE

The school year is divided into nine months of four weeks each, and all charges are made on that basis. No discount on tuition will be allowed for absences. All accounts are payable at the close of each month and no deviation from this rule will be permitted without previous arrangement with the management.

Entrance Deposit

A deposit of \$30.00 is required of dormitory students and a deposit of \$12.00 of village students upon entrance. Books are paid for when purchased or a special deposit may be left with the school for books and supplies.

Rates

Tuition covering board, room and laundry, and regular class program of four subjects is \$29.50 a month, \$28.00 for three subjects, and \$31.00 for five subjects.

The above is not really an increase in charges, for instead of requiring each student to work thirty hours a month for the school as heretofore, we are now paying students for all labor done at the rate of from fifteen to twenty cents an hour.

As most of the labor around the school is done by students there will be opportunity for many to work out a portion of their expenses. Those desiring such a privilege should make arrangements with the management.

The regular tuition for village students is \$9.00 a month.

Discounts

A discount of 10% will be allowed on cash paid in advance each month (provided there is no back balance against the student). This discount will be allowed on all monthly cash payments kept up in accordance with arrangements made with the business manager.

Credit earned in the industries of the school is not transferable outside the immediate family.

Fees

A charge of \$3.75 per semester will be made to cover matriculation, library, and other necessary fees.

A fine of one dollar (\$1.00) shall be assessed against any student who is found on the fire escape.

A charge of fifty cents (50c) cash will be made for each special examination.

Time of Reckoning Bill

Reduction in charges is not made for less than two week's time. If a student enters within the first two weeks of school period, or withdraws within the last two weeks of a school period, charges are made for the entire period. If a student makes up back work after entering school late, full tuition will be charged.

COURSE OF STUDY

Outline of Course

A student will be admitted to the academic course upon passing satisfactory examinations, or presenting accredited grades, showing that he has completed the work required in the first eight grades, or the equivalent.

Those who present themselves for graduation must have an average grade of 85 per cent in all subjects.

No transcript of grades is given out until satisfactory financial arrangements have been made.

Grades One to Eight

Grades one to eight are taught in the Granger church school near the academy. The school is being conducted by the local church.

VOCATIONAL SUBJECTS

The academy offers courses in baking, woodwork and sewing. The completion of ten hours work a week for the year in any one of these subjects entitles a student to one credit.

Baking

The school operates a bakery, both as an industry providing work for a number of students and in order to teach baking as a vocational subject. Classes in baking will be organized. The ability to bake a good loaf of bread deserves to rank with the best of academic attainments.

Woodwork

A course in woodworking I covering use of tools, making of joints, and the construction of a number of useful projects, such as footstools, magazine racks, telephone stands, bookends, cedar chests and bureaus, is conducted in the well equipped academy woodwork shop.

Sewing

Girls are taught in this class how to do neat handiwork. Instructions and practice are given in cutting, fitting and working on the more expensive kinds of cloth. Garments will be taken into the department and made at the discretion of the teacher in charge.

Music Department

Music is one of God's gifts to man. Consecrated musical talent may be of untold value in the work of winning souls.

Our aim is to train young men and young women to become Christian musicians. Music, rightly employed, is a precious gift of God designed to uplift the thoughts to high and noble themes, to inspire and elevate the soul.

Piano

The object of the piano department is to train students to learn, and to appreciate good music, such as will elevate the mind. Scales, arpeggios, studies of technique, hymns, and compositions from the best composers are given as a part of regular work from time to time. Public recitals will be held throughout the year. A charge of \$2.00 a month is made for piano lessons, one lesson a week.

A charge of \$1.00 per month will be made for use of pianos during one practice period per day. Two practice periods per day, \$1.50 per month.

Regulations

1. The lessons are one-half hour in length.
2. Students may enter at any time, but will not be accepted for less than one month.
3. Tardiness and single absence will be a loss to the pupil. Money will not be refunded for absences of less than two weeks.
4. Each music student is assigned definite hours for practice, at which time he has exclusive use of the instrument. No visitors are permitted to disturb the students at these hours. Absence from practice periods requires a properly signed excuse.
5. Students are not to change practice periods without consent of the teacher.
6. Settlements for musical merchandise and sheet music must be cash.

Directing

For the training of those who expect to become teachers and workers in God's cause, a class in conducting will be organized. This class will study the developments of rhythm, correct methods of time beating, hymns, and other essentials of proper conducting.

Orchestra

If you own an orchestral instrument, bring it with you and get the experience and enjoyment which the orchestra promises.
