ADMINISTRATION

★ It is a real pleasure to present to the friends of Yakima Valley Academy the young people responsible for this fine Annual.

They have each one received the benefits of the best gift that young people can receive and that is the opportunity of a Christian Education. The environment of Christian Education has made lasting impressions upon them, and will accomplish the same result upon all who accept its opportunities. The development of a sane, tolerant, strong life without deceit or sham, a life of ministry and helpfulness is the high ideal and goal of Yakima Valley Academy.

We welcome to Y. V. A. every young man and woman who is willing to have the same service done for him or her.

Senior Song

*High is the aim of our Seniors.
Broad is the view of this class
Onward and upward we're striving
Let us reach heaven at last
We, as the Seniors are standing
True, as the red of the rose
True to the banner we're bearing
Standards we'll follow so close.*

*Gold is the dawn of the morning
Black be the regions afar
Others have gone on before us
Seniors at present we are.
Wait, till the school year is over
Wait till our work here is done
Onward, yes upward we're pressing
Until our aim here is won.*

CHORUS:

*Onward and Upward
We journey our pathway
True to our school
And true to our class every way.*

Senior Reminiscences

★ Very secretly the last of February our Principal sent a message to each Senior—"Come to our Bungalow at blink of lights." Twenty-six of us knew what this meant because, just one year ago we were called to the same room to organize as Juniors. Now eleven more having joined us our Senior year, choosing Clark Lamberton as Chief Pilot, we started on our flight for Regions Beyond. Onward, and upward the airplane of time swiftly was bearing us to our first port, Commencement when we would refuel for our flight for Higher Education.

★ Secret's out!—Very proudly in Chapel we presented our banner of Black and Gold, our Officers, our Motto, and our Song. Our Sponsor, Professor Schutt proclaimed an official "Senior Day" to celebrate the organization of the largest and best class of Seniors of Y. V. A.

★ On April 30th, thirty-seven excited Seniors donned Black sweaters with gold bands, and emblems, happily took their places in the eight cars forming a caravan to start that memorable journey to Senior Convention.

★ Do you remember a certain class meeting when it was announced "Noodle Supper at the Parsonage" with Elder and Mrs. Schnepfer as host and hostess? How could we forget the fresh bread, and jam that accompanied the delicious supper.

★ Wednesday, May 10th, from 5:30 to 7:30 we were entertained by our Principal and wife, on the lawn playing Croquet, and baseball, followed by another unforgettable supper. Hats off to Elder Schnepfer and Professor Schutt for choosing wives who are such good cooks.

★ Junior-Senior Picnics may be a tradition, but the Juniors of 1939 broke the record for giving the most splendid, and eventful expedition ever participated in by any Seniors.

★ With final exams over our anxiety, and expense turned, not to relief, and light-heartedness as we expected, but to an unexplainable emptiness in our hearts.

★ The last informal binding tie of our beloved Senior Class was our Senior Picnic where we forgot to be "dignified"!

★ The closing exercises of the school year, over the week-end of June 2nd, and 3rd, brought many sad hearts, but our plane is ready to carry those of our class who board it again next Fall, on to Walla Walla College.

★ The Associated Students of the Academy have done much to make this school year an enjoyable one for all of the students. They have sponsored two school picnics, one to Satus Pass and another to Soda Springs. They have also sponsored the most successful annual campaign in the history of the school.

Their weekly meetings have been marked by much animated discussion and training in parliamentary procedure. The school would be rather a drab place without the enthusiasm and spirit that this organization brings to the school.

OUR SCHOOL SONG

Hail to thee our Al--ma

Mater To thee we pledge our love, To the Gold from the sun-light chosen To the

Cho.

Blue from the Heaven above. Heaven gave Blue, Sunlight Gold We will

be true Honor hold, Raise high the colors of our school and always by the golden

rule, We'll shout it's praise as you've been told, Dear Y. V. A. the Blue and Gold.

Then our pride and loyalty—
Y. V. A. We'll shout anew;—
May our actions never tarnish
The fame of the Gold and Blue.

Our standards high maintaining
The honor of our school,
Our character, too, we're building
By this, the golden rule.

With the courage of conviction
Comes the strength that makes us bold,
Comes the love for truth and honor,
Symbolized by the Blue and Gold.

Education

Mark Hopkins sat on one end of a log.
And a farm boy sat on the other.
Mark Hopkins came as a pedagogue
And taught as an elder brother.
I don't care what Mark Hopkins taught—
If his Latin was small and his Greek was naught,
For the farmer's boy he thought, thought he,
All through the lecture time and quiz,
"The kind of man I mean to be,
Is the kind of man Mark Hopkins is!"

Philosophy, language, medicine, law
Are peacock feathers to deck the daw,
If the boys who come from your splendid schools
Are well trained sharpers or flippant fools.

Your great endowments, your noble halls,
And all your modern features,
Your vast curriculum's scope and reach
And the multifarious things you teach—
But how about the teachers?
Are they men who will stand in the father's place,
Who are paid, best paid, by the ardent face
When boyhood gives, as boyhood can,
Its love and faith to a fine, true man?

No printed page nor spoken plea
May teach young hearts what men should be;
Not all the books on all the shelves,
But what the teachers are themselves.
For education is, making men.
So it is now, so was it, when
Mark Hopkins sat on one end of a log
And a farm boy sat on the other.

Object of School

The object sought is the all around development of the Christian Character. In order to accomplish this we endeavor to surround our students with a favorable environment. Everything is done to encourage the development of the physical, mental, and spiritual powers of each student.

Expenses

First School Month begins	Sept. 25	Fifth School Month begins	Jan. 15
Second School Month begins	Oct. 23	Sixth School Month begins	Feb. 12
Third School Month begins	Nov. 20	Seventh School Month begins	Mar. 11
Fourth School Month begins	Dec. 18	Eighth School Month begins	Apr. 8
		Ninth School Month begins	May 6

A resident in the dormitory will be charged a flat rate of \$30.50 per school month. Seven dollars and fifty cents will be added to the first month to cover all fees for the year, making a total initial payment of \$37.00 for the dormitory student. The 5% discount for cash does not apply on entrance fees.

The tuition for resident students will be \$9.50 per school month. The \$7.50 fee mentioned above will make their initial payment total \$17.00.

These rates cover full class work of four subjects. A fifth subject will call for \$2.00 per month extra.

The dormitory student will be asked to pay \$37.00 when he enters school; the village student, \$17.00. So far as practical purposes are concerned, that arrangement calls for advance payment for the first month, with \$7.50 added for fees, each succeeding month payable in advance.

The \$7.50 is for library, lecture course fees, physical education, and general expenses in registering a student in school. No refund is made on this \$7.50, even though the student leaves before the end of the year.

A breakage fund will be created by charging a \$1.00 fee to each student which will be proportionately refunded at the end of the year.

5% discount will be allowed on tuition accounts if paid in advance.

The plan has proved to be a decided help to patrons, as well as to the school. It furnishes the school administration with money on which to operate for the first month.

Meals will be served on the American plan. As a whole, parents and students prefer this plan, for it enables them to figure in advance, with reasonable accuracy, just what the cost will be for the whole year. Besides this, there are added values in cultural, economic and dietary lines.

Students who enter school late, but make up back work and receive credit, will be charged full tuition from the beginning of the year.

No reduction is made on expenses for an absence of less than two weeks.

Yakima Valley Academy attempts to operate on a cash basis, and, of course, we can do this only as patrons pay promptly. This, we are glad to state, has been done during the past year, with few exceptions. If students are educated to honor and pay their bills while in school they will carry with them, out of school, a most valuable training in finance.

Statements are issued each month. Of course, prompt remittance is in order, but ten days are allowed for settlement, or special arrangement.

Students will not be allowed to draw money on their account, unless arrangements are made by the parents.

The charge for one or two studies will be one-half and three fourths, respectively, of the charge for the full grade in which studies are taken. The charge for three studies is the same as full work. For five studies \$2.00 extra is charged.

Labor

"Can I work my way through school?" is a question often asked. It is hardly possible by working only nine school months; but some are decidedly successful by working twelve months. Let the student make the most of his time during the summer months.

Owing to the large amount of work needed to keep our institution in order and our industries running we can offer a certain amount of work to students who desire it. A reasonable amount of credit may be earned, depending upon the nature of the work and the manner in which it is done.

The amount paid per hour for work depends upon the dependability and efficiency of the student working. The student is observed during the month by the labor superintendent in charge of the department in which the student is working and at the end of the month the work is graded on a basis of efficiency and dependability. There is some work which is done by contract of a certain number of hours per month. This work will also be graded at the end of each month on the same basis as the regular hour work.

Music Rates

The monthly rates for private lessons are as follows:

Piano, one lesson a week	\$3.00	Piano rental, one hour each	
Voice, one lesson a week	\$3.00	day for a school month	\$1.00

Music students are not allowed to drop their work during the month. Charges will be made on a monthly basis, without refunds whatsoever. Lessons missed on account of illness may be made up by special arrangements with the instructor.

Our excellent music department deserves special mention. Strong courses are offered in piano and voice. We also have an orchestra, and a large chorus. Directing classes are also formed.

What to Bring

Each dormitory student is expected to furnish the following articles:

- | | | |
|------------------|------------------------|----------------------------|
| 1. Toilet soap | 7. Two pillow slips | curtains and other ar- |
| 2. Brushes | 8. One pillow | ticles to make his |
| 3. Combs | 9. Quilts and blankets | room homelike. |
| 4. Three napkins | 10. Laundry bags | |
| 5. Four towels | 11. Noiseless slippers | 13. Girls are requested to |
| 6. Three sheets | 12. Small rug, window | bring an ironing cord. |

Room Reservations

Some students desire to have certain rooms so the following plan will be carried out in regard to room reservations:

A deposit of \$5.00 cash will be required of each one to occupy the room. This will apply on the account for the following year, and may be refunded at any time before September 14, 1939.

Students now occupying the room will have preference until June 15, 1939. The account for the previous year must be paid in full besides the deposit to reserve a room. A room not to be occupied by the same students the following year may be reserved by

anyone whose account is paid at any time after the beginning of the second semester previous to the school year the reservation is made for.

All reservation are subject to change by those in charge of the school homes.

Key Deposit

Each room in the dormitory has a lock on the door. The school is willing to furnish a key to the occupants on the deposit of \$1.00, which will be refunded if the key is not returned to the business office within two weeks after the close of school and is accompanied with a notice from the one in charge of the dormitory saying that the room has been left in good order.

The School Home and Its Regulations

Experience has shown that the purposes for which the Academy was founded are most successfully attained when the students whose parents do not reside in the neighborhood of the Academy, live in the Academy Home. Students who are altogether unable to meet the expenses of the Home, however, may be permitted on application to the Principal of the school, to secure approved places to work for their board. All applications for such permission, stating the reasons for the request, must be presented and approved before any such arrangements are made. Failure to comply with these requirements will justify the Faculty in declining to receive such students for classification.

It is the aim of the Faculty to provide a home where kindness and courtesy reign. These graces, together with regularity and punctuality in the home duties, are important factors in the student's education.

1. Frequent departures prevent the student's receiving the benefit which the school was established to impart. For this reason permission to be absent from school will be given no oftener than once a month, unless in case of sickness or other emergency. Requests to leave over week-ends must be submitted in writing to the Principal twenty-four hours before leave is desired. Under ordinary circumstances, a written statement from parents or guardians is required. Mixed groups traveling to and from school by auto must be accompanied by a competent chaperon.

2. Students wishing to leave the school grounds should first obtain permission from the proper authority.

3. Students residing in the dormitories will not be permitted, except in rare and exceptional cases, to stay over night with students' friends in the village; nor will students or friends in the village be expected to visit with dormitory students.

4. Students are expected to conduct themselves in keeping with the order and quiet of a refined home.

5. Tidiness and cleanliness of person and room must be observed.

6. Noiseless slippers must be provided and worn during the evening study hour.

7. Visiting during study hours is allowed only by permission of the person in charge of the home.

8. No heating, cooking or lighting apparatus is allowed in the room, other than that provided by the management.

9. Since irregularities in eating are decidedly injurious to the health, and since regular meals are served in the dining room, it is much better that no food be taken to students' rooms except fresh fruit.

10. Students will deport themselves upon the seventh day of the week, the Sabbath, in a manner in keeping with the spirit of the institution, avoiding all play and unneces-

sary labor. Attendance at the regular services of the Academy is required, such as Sabbath school, Sabbath preaching services, Friday evening vespers and Y. P. M. V. Those excused from any Sabbath service because of illness or any other cause are required to remain quietly in their homes during such times of service.

11. Students are requested not to use kodaks or cameras on the Sabbath.

12. The kitchen, dining room, laundry, bakery, boiler room and all departments should not be made a place for loitering or visiting, as such a course militates against discipline and efficiency.

13. The use and possession of master keys and pass keys is prohibited.

14. Students should have their mail sent in care of the Academy. The management reserves the right to question any mail suspected of being detrimental to the best interests of the students and of the school.

15. The dormitories are private homes, which should be treated as any well regulated household would expect their homes to be treated. Those desiring to call upon members of the Home family will kindly observe the customary civilities.

16. Students having automobiles or motorcycles are requested to leave them at home. If they are brought to school, they are expected to be left in a garage and taken out only when permission is secured from the Principal.

17. The school will not hold itself responsible for the personal property of any student in case of damage or loss.

18. Any regulation adopted by the Board or Faculty and announced to the students shall have the same force as if in print.

Laundry Specifications

Students living in the school home are entitled to fourteen pieces of plain laundry each week. An extra charge of five cents will be made for each piece above that number.

All garments should be marked with the full name—never initials only. Indelible ink must be used. This should be done before the student comes to school.

Students wishing to press their own clothes must furnish their own pressing cloth for the purpose.

Regulations Governing All Students

It is assumed that in all matters involving moral principles students know what is right, and they are held responsible for doing it. The moral character of our school must be carefully guarded, and those who feel themselves unable to comply with the regulations as here published should not enter. Experience has shown that long forbearance with students who are indisposed to cooperate fully with the school, is not, as a rule, beneficial to themselves, while the influence is positively dangerous to others.

1. Students must abstain from indecent and disorderly conduct; from profane or unbecoming language; from the use of tobacco and alcoholic drinks of all kinds; from card playing or having cards in their possession; from having or reading pernicious literature; and from improper associations. Firearms are not permitted on the school premises.

2. Students are expected to maintain a proper degree of reserve in their association with those of the opposite sex. Private correspondence, strolling together, surreptitious meetings, or young gentlemen escorting young ladies on the grounds to and from gathering cannot be permitted, because they militate against success in school work. Proper association is a blessing to both men and young women. Experience has shown that such associations during school life are most beneficial when restricted to groups. The

group plan is the one adopted by this school. Each group must be under the supervision of a member of the faculty.

3. The committee on Social Activities will provide for frequent educational programs and lectures, and occasional social gatherings or outings for all students. Attendance at social gatherings, other than such as shall be provided, will be permitted only upon approval of the Faculty. Those arranging for any such gatherings must submit a request, with a list of those to be invited, to the Faculty before the regular Faculty meeting preceding, and secure a member of the Faculty as a chaperon.

4. Those wishing to leave the school grounds during recitation hours should first obtain permission from the proper authority.

5. Regular attendance at all exercises is required. Attendance at all exercises is required. Attendance at worship, chapel, library periods, etc., is required on the same basis as class attendance. All excuses for absences shall be signed by the preceptor, the preceptress, parent or guardian, and approved by the Principal. Only cases of sickness and emergencies will be accepted as valid excuses for absences. Tardiness must be excused the same as absences. Three unexcused tardinesses will be the equivalent of one absence.

6. The number of absences, excused or unexcused, must not exceed fifteen per cent of the whole number of exercises in the class. Should this limit be passed, the student thereby forfeits his class credits and must make application to the Faculty in order to receive the grades to which he may otherwise be entitled.

7. No student is expected to take up or to drop any class except by written permission of the Principal.

8. Each student is expected to pay for damages done by him to the property of the Academy.

9. Four studies and the necessary drill are considered full work. No student will be expected to take more than five subjects and then by permission of the Faculty.

10. Students taking full work in school are permitted to add one lesson a week in music or musical subjects may be taken only by permission. Students are not permitted to give or take private lessons except by permission of the Faculty.

Dress

"God is the author of all beauty, and only as we conform to His ideal shall we approach the standard of true beauty."—M. H. 292:3.

"It (our dress) should have the grace, the beauty, the appropriateness of natural simplicity. Christ has warned us against the pride of life, but not against its grace and natural beauty."—M. H. 288:4.

The following recommendations have been presented and adopted as rules to follow in regard to modest Christian dress.

1. Young women are required to dress in modest, simple, and healthful attire. V-shaped necks should not be cut lower than two inches below the clavicle. Sleeves should be at least half way between the shoulder and the elbow, and slits in the sleeves should not come above this point. The length of the skirt must be at least four inches below the knee, the exact length depending upon the style of the skirt. If the skirt is narrow, this is too short.

2. Common sense shoes are recommended. Sport shoes or oxfords, are the best type for school wear. Spike heels must not be worn.

3. Modesty requires hose to be inconspicuous. Service weight hose is recommended for school. The hose must cover the knee.

4. The use of rouge, lip stick, and eyebrow pencil and finger nail polish of deep colors cheapens a young woman in the opinion of people who do things. Young women are asked to abstain from the use of these. Cleanliness, careful diet, regular hours of sleep, exercise at work and out of doors are nature's beautifiers.

5. Modesty must also be considered in the selection of wardrobe materials.

6. Jewelry, such as rings, bracelets, necklaces, or locket may not be worn.

7. These standards of dress are designed to guide our young women from the ever-changing styles, that they may be fit representatives of Christian womanhood.

Admission

The school is open to all worthy persons of either sex, who come for the purpose of doing faithful work. No religious test is applied. Students are, however, expected to reverence and respect the Word of God.

A student not personally known to the school administration will be required to present a statement regarding his character, this to be signed by his former teacher, pastor, family doctor, or any well-known and responsible person.

All freshman students should bring their eighth grade certificates of graduation to present upon registering. All students coming from high schools or other academies should have transcripts sent direct from the school formerly attended to the registrar at Yakima Valley Academy at least two weeks before the opening of school. Students coming from church schools or Junior academies should have transcripts forwarded from the union conference office.

It is requested that each student have such defects as eyes, teeth, and throat complications corrected, before entering school.

Outline of Course of Studies Academic Course

A student may be admitted to the Academic Course upon presenting acceptable credits, showing that he has completed the work required in the first eight grades or its equivalent.

To be graduated from the Academy a student must show evidence of a good moral character.
