re:member is the theme of this year's yearbook. With so many memories, exciting experiences, and lifetime friendships it's almost inevitable that **re:member** be the theme.

This year is the 60th anniversary for Upper Columbia Academy and our yearbook. We wanted to do something that signified the 60 years that this school has existed. 60 years of memories.

It's easy to look into a yearbook and **re:member** all the events for the year. Times when our hearts were touched, laughter hurt our sides, and tears overwhelmed us. Most of all, times that bring us together to **re:member**.

Senior Survival

This year's Senior Survival was definitely the highlight of our last year here at UCA. We learned incredible lessons and how to work together to accomplish any task. Through out this week we bonded as a class and finally felt we were ready to be the top class when we arrived back in the halls of the Ad Building. The most talked about activity was initiatives. Pastor Fred led us through many difficult tasks and showed us no mercy in others. By Thursday, all of the groups had built up enough trust for one another to take on the infamous Trust Fall. Many struggled to let themselves fall, while others didn't even think about it.

Whether or not they struggled, everyone received a blessing from this experience, as well as a lifelong memory. Senior Survival is looked forward to and dreaded by upcoming classes, but missed by those that have been. No year would be complete without freezing cold "baths" (with a side of blood curdling screams) and of course, eating raw crickets for...wait, why did we do that again? Even though we endured many things we were not used to, we made the most of this trip and the best of the Senior class of 2006.

FOUR-YEAR SENIORS NOW...

They came to UCA as timid shy freshman, who were being introduced to a brand new world. They will leave UCA as towering seniors who have conquered high school. As freshmen they had no idea how much their lives would be changed and through all the troubles of that first year, how much they would learn and grow to become the sophomores they looked up to. When sophomore year rolled around and the routine of classes and dorm life come back into view they were not as scared or shy. They looked to their friends that were made the year before and teachers to help them in their studies to make it to the next year. Juniors. Upper classman. Wow! The rush of knowing that when they got back to UCA they would not only know nearly every one in the school, but that they would be called upon as, Juniors, "The Upper Classman." Seniors. The familiarity of their surroundings and the enthusiasm of the first day of school came and went with out notice. When it came to **Class Night**, the energy and enthusiasm were evident as the whole senior class cheered, "06 KICKS!" **Senior survival** brought them that much closer as they were challenged physically, mentally, and spiritually. **Four-Year Senior Benefit** brought more than just money for the funds of these seniors but allowed them to splurge on their **Four-year class trip**. **Senior Recognition Weekend** brought the seniors together to recognize and enjoy many of their talents. **Senior Class trip** only made this incredible class come together more for the very last moment shared as one class, GRADUATION.

Fall Picnic

One hundred new faces, ten new classes, homework piling up. What could be better than a day at Camp Mivoden? ASB decided to take a different approach to this year's fall picnic. With the tragedy of Hurricane Katrina,

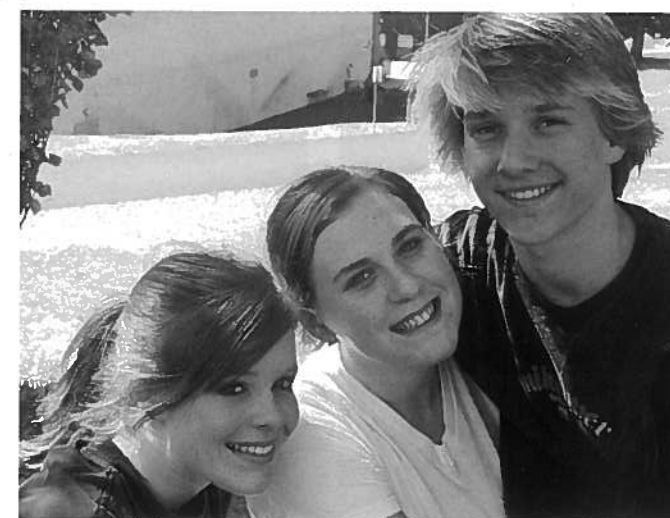

it was decided instead of the traditional Fall Picnic we would use the money to help the Hurricane Katrina victims. It doesn't seem quite as exciting to stay at everyday UCA, but we definitely know how to have fun. With all of the

positive and fun attitudes ASB put together a memorable day of smiles, fun, and the beginning of new friendships.

Below: A circle of smiling friends.

Left: The three-legged race turned out to be more difficult than many expected.

Above: Katie S., Ronilea L., and Scott G. take a break from the activities on the field.

CLASS NIGHT

Class Night is a night of craziness, and this year was no exception. Everyone let out all of the stops to show the most spirit for their class. The night would not be complete without dozens of laps run around the gym by every class after they won one of the events.

Whether it was running as fast as you could (to put your shoelaces on the big blue mat in the middle of the floor)- or being the first class to hit the ground during an "air raid," everyone seemed to be having the time of their lives on this unforgettable night.

Hillary Madden and Elliot LaPlante definitely got into the sophomore spirit of Class Night.

Left: The Senior class did not waste any time starting into their cheers. The most popular seemed to be "06 Kicks!"

Above: The juniors carried on the tradition of taking a lap after winning one of the competitions in the gym.

re:

OUTDOOR ED.

The Juniors had a choice this year to go backpacking up to beautiful Stevens Lake or canoeing on peaceful Priest lake. Wherever this exciting class decided to go, they were sure to have a bonding experience. Each trip created life-long memories.

Katrina Banquet

At the beginning of this year, our country was hit by a terrible, category five hurricane named Katrina in the Gulf Coast. Eddie McCune and a group of friends saw the destruction and decided to help. After weeks of planning, they came together to create the Katrina Banquet, on October 30th, here on campus to raise money for the victims. Complete with a catered meal by The Barn Trezzi Farm, music provided by students, and a guest speaker, the event raised approximately \$3,000 to be split between Adventist Community Services and the Red Cross. This banquet showed faculty, parents and students that we can indeed make a difference and help those in need. The following people were involved in planning and making this event a success:

Eddie McCune	Jessica de Oro
Elliot LaPlante	Alan Hayes
Katrina Yeo	Cody Lonning
Alex Heaton	Brian Lambert
Tommy Poole	Keity Hodgson

Academy of Excellence

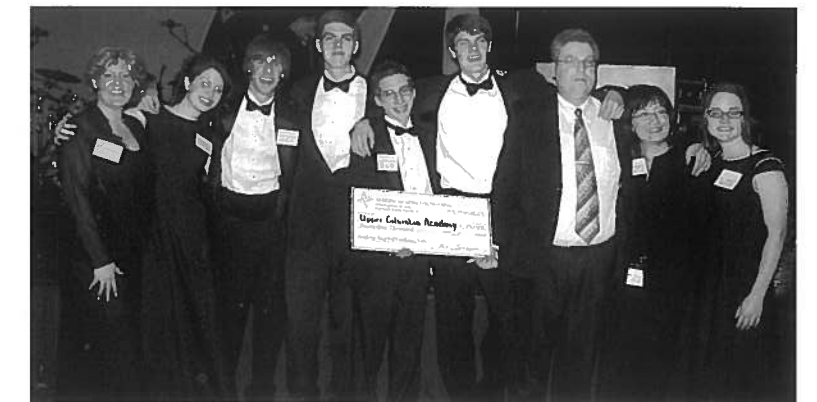

This year we had the honor of being nominated for the Academy of Excellence. From the hundred and ten schools in North America, three schools were asked to come to Phoenix, Arizona to represent their school. From there the Alumni Board Association would choose whom they thought was the number one Academy in the nation. Over February homeleave, six of our students went down to Arizona to represent our great school. After much prayer and hard work, we were awarded the title of the Academy of Excellence for 2006!

Mission Trips

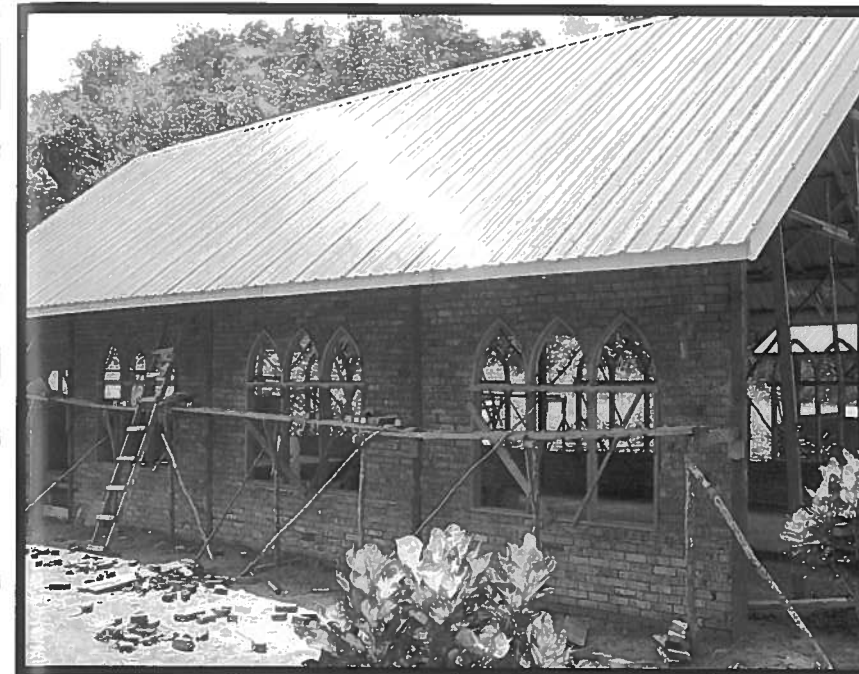

Every year, students from Upper Columbia Academy spend hours making calls and writing letters to try to raise money to go on mission trips. Many students have sacrificed their spring break in order to help people who do not have the privileges that we take for granted everyday. Our faculty and staff have been extremely supportive of everyone involved and were able to work with many students when they had trouble finding the funds to go on these trips. As in many years past, UCA made a trip to Borneo. They were able to help the people there by building two separate churches. Another group decided to go to Guatemala to help the people down there also. The people they met and the memories they made will be forever remembered by these students. A mission trip is a once in a life time experience, and no matter how many you go on, every trip is different in some way. Experiencing a different culture is definitely an eye opener for most. The people that have been affected by our fellow classmates will be forever grateful for the time and effort each one of them put into helping them.

...May the grace of our Lord Jesus be with you . Romans 16:20

Dedication of Lange Music Hall

After 37 years of hard work, teaching, nurturing, dedication, and love for the music and computer departments Jerry & Harriet Lange have decided to retire. It has been a long road but surely one to remember. Student counsel had the idea of making something special in memory of the Lange's and their hard work here at UCA. After bringing it before the staff and finally the board, it was voted that the music building be named "Lange Hall" in their honor. Mr. & Mrs. Lange were presented with a plaque during the winter band concert, though, student counsel made the official presentation a grander event during Alumni weekend.

Above: Student Council presented the Lange's with the plaque comemorating their time spent at UCA.

re:member when...

Seniors remember the good, bad, and best times of high school. No matter who we are or might become, our lives were changed these last four years. Some may not willingly admit it but it's true. We make life long friends and memories in the four years we spend in these halls. We're closing in on our last year, we're finding out that through the next door is reality. Is it scary? It sure is. Not knowing exactly what will happen in the future is terrifying. However, knowing God is always right beside us, ready to guide us when we're ready to let Him, is a huge help. With Him at our side, nothing can stop us. We have to enjoy the good times and work through the bad times. Life is not always going to be easy, but it will always be what we make it. In the next few pages, we have prepared an inside look at what Seniors feel, how they have changed, and what they will remember the most about high school...

Dear Kreaky,

Since the day we brought you home we could tell that you were going to become a beautiful and intelligent person. You were and are always one step ahead of everyone else, learning to walk and talk complete sentences before you were a year old. You have always been the champion for the underdog, fighting for their rights to be treated equal. You have this great ability to make everyone in your presence feel welcomed and cared about. When you were still very young, you would collect your Sabbath school papers to give out to others, so that you could get to know Jesus.

Karissa, remember to include Christ in your life, because he will never fail you.

We love you our sunshine girl,

Mom and Dad
Heather and Ashley

KEITY HODGSON

Keity & Kavdy.

It seems like yesterday you were just babies and then kids and suddenly you are finishing high school.

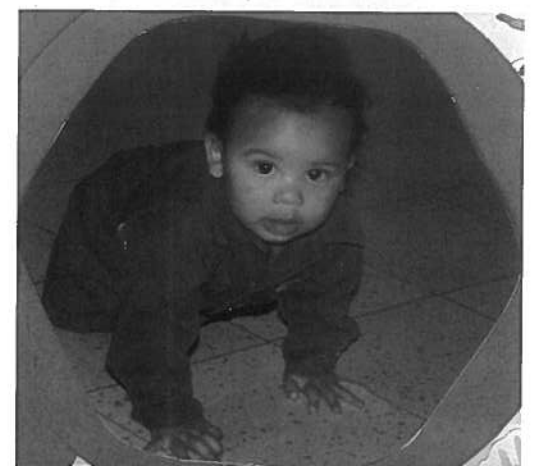

Mom and I just want you to know that we love you and are proud of you.

The Lord has endowed you with gifts, talents and powers that can only be for his glory when you are filled with his spirit.

CONGRATULATIONS

Remember you are standing at the gate of opportunities and challenges, be strong in the Lord and keep your eyes on Him.

KAVDY HODGSON

Transforming power of the Holy Scriptures. The effort to grasp the great truths of revelation imparts freshness and vigor to all the faculties. It expands the mind, sharpens the perceptions, and ripens the judgment. The study of the Bible will ennoble every thought, feeling, and aspiration as no other study can. It gives stability of purpose, patience, courage, and fortitude; it refines the character, and sanctifies the soul. "The entrance of Thy words," says the psalmist, "giveth light; it giveth understanding." [PS. 119:130.] {GC88 93.3}

I Couldn't be more pleased and proud of you, Katie. Well done!

Love, Dad

You have been to us a source of joy and an inspiration—and intermittently a remarkable challenge. We treasure the memories of your eager excitement as we traveled the world together, adapting to one culture after another with aplomb. You have brought exceptional beauty into our world with your artistry. You have grown into a truly beautiful and accomplished leader and we are thrilled to see your friendship with Jesus growing stronger. Your selfless giving nature has blessed your friends over and over. As we embark on the journey from being parents to being friends we treasure more than ever the pleasure of your company, the sharpness of your wit, and the continual challenge of your questioning mind. With God you can do anything you choose to pursue. Go forth and conquer!

Love, Mom and Dad

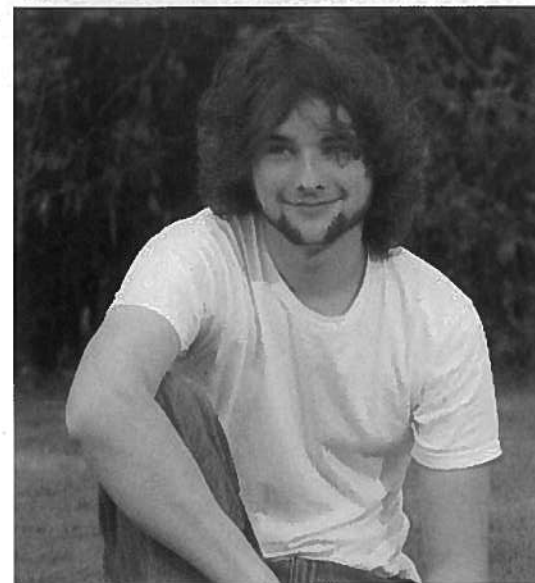

Though life has its challenges, pitfalls, and frustrations, may you find true peace and joy! And at the end of your journey, may you be able to say,

"I have fought the good fight,... I have kept the faith. ... there is in store for me the crown of righteousness..."

The Lord has blessed you with:

- a generous spirit
- a cheerful attitude (most of the time ;-)
- a caring heart
- a love for music
- an appreciation of people
- a forgiving spirit
- an ear for His voice
- a brother to test your patience

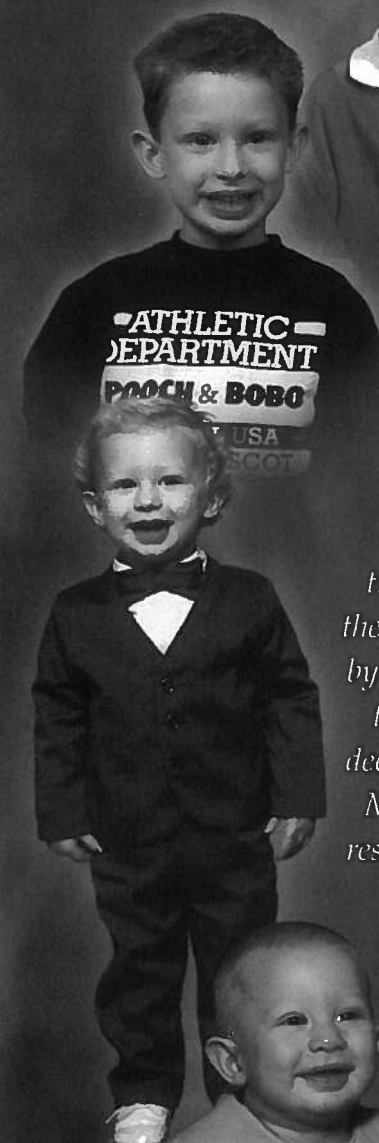

Use these well, and He will lead you where you cannot possibly find your way alone.

We love you and will always be there for you!

**D**ayton, what a joy you've been to our family. Your honesty, integrity and perseverance have made you the kind person we all know and love. I know you call on God in times of need. Just remember you're heading into the next chapter of your life, so call on God minute by minute. The road ahead will be different than the path just traveled. You will get to make decisions that you will be held accountable for. Most of your decisions will be with you the rest of your life, so pray about them before you make them final. Never give up on your faith. The scriptures say Jesus is the way, truth and life. We will continue to enjoy watching you turn into a wonderful man, and will continue to pray for you and all of your decisions.

Chelsea,  
You are the daughter parents dream of having. We are so proud of our little gift from God. After having 2 beautiful daughters already, we asked God for a son, but he blessed us with exactly what we needed, YOU! He always knows best, you are absolutely beautiful inside and out. While practicing self control, you radiate self confidence. You have given us so much joy and are always loads of fun to hang out with. You completely stole our hearts the moment you were born, a fact to which the whole hospital staff will testify to. We've protected, guided, provided and led the best we could and you turned out to be a wonderful, caring, moral young woman. Thank you for being our daughter and sharing your life with us. You are the best friend any parent could wish for. Continue to keep God as your friend where ever you go and in all you do! We will always love you. Love, Daddy and Mommisue, Amanda and Emily

MAKE AN IMPACT ON YOUR WORLD

Dear Jeff,  
You are a very special gift from God to our family. We couldn't be more proud of you and your accomplishments. We admire your positive enthusiasm for life, and your genuine, fun-loving spirit, smarts, sense of humor, trustworthiness and your love of God, family and friends. You've made some awesome life choices. If you place your trust in God, you will always make a difference in the world. Share the many gifts He has blessed you with and honor Him no matter what. You will succeed in whatever you set your mind to do. We are anxious to see what God has planned for you. Proverbs 3:5,6. Love, Mom, Dad and Zach

Our lovely daughter Tatiana,

For the past 18 years you have brought so much joy, pride and happiness to our lives. Now as you approach the next phase of your life may the Lord continue to walk with you and show you the path to great success.

All our love,

Dad, Mommy and little Paul"

Dear Zach,  
You are our first born, and a very special young man. It's hard for us to believe you are graduating from high school. It doesn't seem all that long since we were playing during lunch using our bananas as telephones. You always were a quick study. It didn't take long until you could hold your own in the joke department, and now you can run circles around the rest of us with your humor. We never laugh as much when you are gone as we do when you are home!  
We are so proud of the young man you have become. With your intelligence and good attitude, you can be and do anything you want. Never forget that we love you a lot. Remember that God loves you too and has a special work for you. Keep Him first in your life and you will fly high and go far.  
Lots of Love,  
Mom

Zach,  
You are the greatest big brother in the world. I couldn't ask for a better big brother. Stay close to God bro, and reach for the stars, achieve your dreams.  
Love,  
Your Little Sis

## Zachary Nicholas Mancoske

Zachary,  
We've watched you grow from our little baby into a fine young man. You've outgrown me. You've outstrengthened me. And sometimes, you even outwit me! I am so proud of you!  
May you continue to grow in wisdom, and in favor with God and man as you seek what is truly important in life.  
Love,  
Dad

Dear Zachary,  
I hope you will always remember that you will never be too old to follow Solomon's advice in Proverbs 1:8-9!  
Dear my son your father's instructions, and do not forsake your mother's teaching. You will save yourself a lot of sorrow if you will follow these words of wisdom. Solomon is talking here to young men, not children. You can see this in later verses.  
For a wonderful happy life...  
Love Always,  
Grandma
